

## What is MePOS® Lite / Lite Plus?

**MePOS® Lite is an elegant fixed point of sale solution that quickly converts into mobile**

MePOS® Lite is the gateway to the MePOS® ecosystem of point of sale solutions. An elegant, hardware specific tablet surround is mounted on a secure countertop charging stand, and can be quickly detached for mobile customer engagement. In the Lite Plus configuration, a secure payment device harness and stand are added to facilitate both fixed and mobile payment processing.

## Who can use MePOS® Lite?

**MePOS® Lite is designed for everyone from independents to global retailers**

MePOS® Lite supports a range of tablets and payment devices. It gives retailers the power to engage with their customers wherever they may be. Add more elements from the modular MePOS® ecosystem as your business grows.

## Why buy MePOS® Lite?

**MePOS® Lite delivers the future of customer engagement, today**

MePOS® Lite gives you the power of mobile customer engagement from a safe and secure, smart charging base. Upgrade to MePOS® Lite Plus and enjoy the full power of mobile point of sale and experience the future of customer engagement.

# MePOS® Lite / Lite Plus - Key Facts

MePOS®

## MePOS® Lite

MePOS® Lite comprises a stylish, minimalist tablet surround and stand. The unique connector charges the tablet when it is connected and keeps it secure from theft. A quick and easy key release detaches the tablet and enables mobile customer engagement throughout the premises.

- ▶ Works with current payment device
- ▶ Stylish and minimalist
- ▶ Safe and secure
- ▶ Improved visibility and access
- ▶ Quick conversion to mobile

## MePOS® Lite Plus

Add a payment device harness and stand to MePOS® Lite to create MePOS® Lite Plus. Enjoy full security for all point of sale hardware and improve the appearance of your checkout area.

## MePOS® Mobile

Remove your tablet and payment device from their respective surrounds and connect them to create MePOS® Mobile - the ultimate mobile point of sale solution that enables you to engage with your customers and process transactions throughout the premises.

## Using MePOS® Mobile

- ▶ In store ordering to support omnichannel retail
- ▶ Queue busting
- ▶ Customer information points
- ▶ Customer interaction
- ▶ Data capture
- ▶ Pop ups and concession stands
- ▶ Outdoor events and promotions
- ▶ Table service
- ▶ Floating servers

## Key Features

- ▶ Range of hardware supported
- ▶ Safe and secure
- ▶ Intelligent charging
- ▶ Robust design
- ▶ Available in black and white or custom colours
